CAREER SUMMARY

A dedicated and skilled professional with over five years of experience in the mechanical maintenance and maritime industry, specializing in providing value-driven services. Proficient in ensuring operational reliability, upholding safety standards, and fostering customer satisfaction. Passionate about driving organizational growth through smart, efficient, and quality-focused practices in a dynamic and evolving environment.

Work History

Nov. 2021– Present. Netcodietmann (Nigerian Agip Oil Company (NAOC)(Independent Power Plant (IPP))

Mechanical Technician.

- ☐ Conducted routine maintenance and inspections on pumps, valves, and turbines to ensure uninterrupted power plant operations.
- ☐ Diagnosed and repaired mechanical faults using specialized tools and diagnostic equipment.
- ☐ Monitored equipment performance and adjusted operational parameters to optimize efficiency. Tests mechanical components of cranes using standard test equipment and analyze results to evaluate performance and determine need for adjustment.
- ☐ Coordinated with the operations team to plan and execute scheduled maintenance tasks..
- ☐ Documented all maintenance activities and provided detailed reports to supervisors.
- ☐
- ☐ Ensured compliance with safety regulations during all maintenance procedures.
- ☐ Scheduled and implemented routine preventive and corrective maintenance procedures.
- ☐ Responsive to emergency repairs with quality workmanship and services

Nov. 2019– 2020. Netcodietmann (Nigerian Agip Oil Company (NAOC)(Independent Power Plant (IPP))

Mechanical Intern.

- ☐ Assisted senior technicians in maintaining and repairing mechanical systems
- ☐ Conducted lubrication and cleaning of mechanical components to prevent wear and tear.
- ☐ Supported in assembling and disassembling equipment during overhauls.
- ☐ Coordinated with the operations team to plan and execute scheduled maintenance tasks..
- ☐ Documented all maintenance activities and provided detailed reports to supervisors.

- Ensured compliance with safety regulations during all maintenance procedures.
- Maintained an inventory of spare parts and tools required for maintenance activities.
- Participated in safety drills and training sessions to improve emergency response capabilities.

Sept. 2020– Dec. 2021 Chigwe (Netcodietsmann contractor)

- Assisted in the complete overhaul of gas turbine
- Maintained an inventory of spare parts and tools required for maintenance activities.
- Conducted lubrication and cleaning of mechanical components to prevent wear and tear.

Jan 2017. – Feb. 2017 LAGOS STATE UNIVERSITY

Undergraduate intern –Workshop Unit/ Techni

- Welding and fabrication of metals
- Operating lathe, milling, drilling, and grinding machines
- Produced different work piece such as gears, bolts, and nuts
- Carried out preventive maintenance checks on the machines on a regular basis

EDUCATION

Feb. 2014 – March. 2019 LAGOS STATE UNIVERSITY, NIGERIA.

Programme: Bachelor of science, Mechanical Engineering

Relevant course work: fluid mechanics, Engineering technology,, Engineering mathematics, Applied thermodynamics,Applied computer programming etc.

SKILLS AND INTERESTS

Skills: Good communication, analytical, teamwork and leadership, Adapting to environment.

Interests: research and innovation.

Language: Fluent in English .

COMPETENCIES

Tool Usage: Proficiency with hand tools (wrenches, screwdrivers, hammers, pliers) and power tools (drills, grinders, etc.)

Assembly and Disassembly: Ability to assemble and disassemble mechanical components, machinery, and systems under supervision.

Routine Maintenance: Perform routine maintenance tasks such as lubrication, inspection, and replacement of parts.

CAD Tools: Basic experience with CAD software (like AutoCAD) to assist in drawing and modifying designs.

Collaboration: Ability to work effectively as part of a team, following instructions from senior technicians, engineers, or supervisors.
